VEHICLE THEFT TRENDS

- The 1994 Honda Accord ranks as the number one stolen vehicle statewide and the 1996 Honda Accord and 1991 Honda Accord are ranked at numbers two and three, respectively. With high resale value, there is an abundance of Hondas on the road and consumer demand is high. Additionally, their parts are interchangeable with similar models from year to year and the ignition systems can be easily defeated.
- Consistently since 1984, Toyota pickups have ranked as the number one most frequently stolen pickup truck. Its popularity is due to its resale value, abundance, interchangeable parts, and easily defeated ignition systems.
- The 2007 Suzuki and the 2007 Yamaha have ranked as the number one and two stolen motorcycles every year since 2008.

- Freightliner commercial trucks with model years 2000, 1999, and 1998 are ranked as the three most frequently stolen vehicles in their category. John Deere farm equipment ranked as the number one stolen vehicle in its category. These vehicles and equipment are popular targets because of their high resale value, popularity, and availability.

VEHICLE RECOVERIES

- Of the 156,796 vehicles stolen statewide in 2011, 84.9 percent were successfully recovered, representing 133,137 recovered vehicles.
- Of the vehicles stolen statewide, 90.8 percent of the automobiles, 40.2 percent of the motorcycles, 85.1 percent of the personal trucks and vans, and 78.3 percent of the commercial trucks were recovered.
- Of the vehicles recovered statewide, 61.5 percent were recovered intact and in drivable condition, 4.6 percent were missing major components, 14.3 percent were stripped of minor parts, and the remaining 19.6 percent were intentionally burned and/or wrecked.
- Although the total number of cargo thefts in California is low compared to overall vehicle thefts, it is considered an ongoing problem. In 2011, it was determined that 74 recovered vehicles were “cargo theft only.” Cargo theft is estimated to cost Californians hundreds of millions of dollars annually.
- Top ten law enforcement agencies reporting vehicle theft recoveries:

1. Los Angeles Police Department (14,870)	6. Oakland Police Department (4,591)
